

Internal Configuration

Tool trolley made entirely of HDPE polyethylene, a real shield against accidental shocks. Special extra thick aluminium trim for tight closure. High capacity case ideal for air travelling engineers that carry both tools, spare parts and components.

The TSA Locks allow the case to be checked at the airport by security officers, without destroying the locks.

General features:

- 2 metal lid safety support stays
- 2 TSA accepted locks
- telescopic handle and large wheels provided with ball bearings
- ergonomic handle, rubber coated grip
- side handle
- single steel hinge, riveted in several points to assure high resistance
- large base area for tools, powertools, accessories and spare parts
- stackability
- document wallet
- 3 small component boxes
